

SUMMARY PLAN DESCRIPTION LANGUAGE

Summary Plan Description Language: Healthy Pregnancy (Screening, Testing, Counseling, Preventive Medication, and Treatment)

Rubella (Screening)

Covered Screening

Screening for rubella susceptibility is a covered benefit of all women of reproductive age. Screening may include:

- Ascertaining an individual's risk for rubella by way of immunization history
- Serologic test for antibodies

Initiation, Cessation, and Interval

All women of childbearing age, including pregnant women, are eligible for screening.
